

**TX
VS
TXA/DIRECT**

TX vs TXA/DIRECT CELLULAR TRANSMISSION COMPARISON GUIDE

TX	Great option for areas with low bandwidth/poor cellular network. Use with 360VTL App for remote viewing & control, available on Windows, Android & IOS. Onboard recording of up to 1TB.
TXA/DIRECT	Cost effective APN connection, no hosting required and ideal for 24/7 full HD streaming via ONVIF directly to VMS of choice.
